Project description

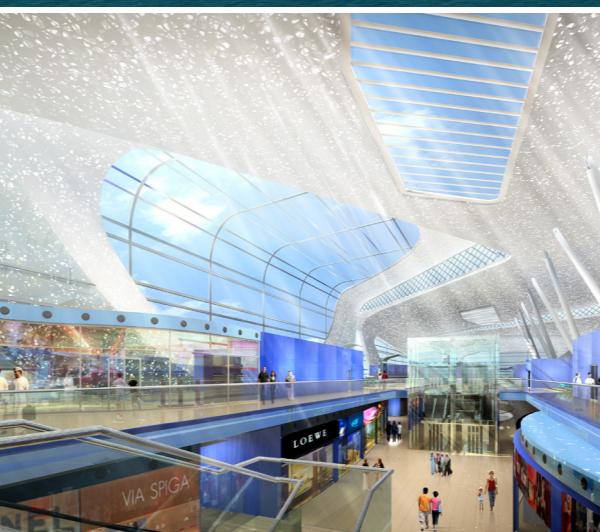

Llewelyn Davies was appointed by Bahrain Airport Company (BAC) to provide consultancy support to formulate a strategic plan for the development of Bahrain International Airport.

The primary objectives were:-

- Review of latest masterplan
- Review of latest current passenger Terminal Expansion Project
- Develop alternative proposal for infrastructure development
- Develop a strategic growth plan for Bahrain airport with a focus on:-
 - Enhancing the airport's peripheral services including development of an airport city
 - Enhancing financial performance
 - Enhancing operational performance
 - Development of the traffic base by encouraging growth
 - Diversifying the airport's business activities
